1. The board and the department shall give due regard to the confidentiality of certain information disclosed by applicants for financial assistance during the application process, the contract administration process, and the period following closeout of a contract in the manner described in this section.

2. All information contained in an application for financial assistance submitted to the department shall remain confidential while the department is reviewing the application, processing requests for confidentiality, negotiating with the applicant, and preparing the application for consideration by the director or the board. The department may release certain information in an application for financial assistance to a third party for technical review. If the department releases such information to a third party, the department shall ensure that the third party protects such information from public disclosure. 3. The department shall consider the written request of an applicant or award recipient to keep confidential certain details of an application, a contract, or the materials submitted in support of an application or a contract. If confidential details are withheld from a request for records pursuant to chapter 22, the department shall release an explanation of why the information was deemed confidential and a summary of the nature of the information withheld and the reasons for withholding it. In considering requests for confidential treatment, the department shall narrowly construe the provisions of this section in order to appropriately balance an applicant's need for confidentiality against the public's right to information about the department's activities.

Upon notice that an application has been withdrawn, the department shall not release a copy in response to a request for records pursuant to chapter 22.

5. The department shall adopt by rule a process for considering requests to keep information confidential pursuant to this section. The department may adopt emergency rules pursuant to chapter 17A to implement this section. The rules shall include criteria for guiding the department's decisions about the confidential treatment of applicant information. The criteria may include but are not limited to the following:

3. a. A person who is not an owner of a site may apply for financial assistance under the program if the site for which financial assistance is sought meets the definition of a brownfield site and the applicant has secured sponsorship prior to applying. Sponsorship is not required if the applicant is a city or county.

b. Prior to applying for financial assistance under this subsection, an applicant shall enter into an agreement with the owner of the brownfield site for which financial assistance is sought. The agreement shall be submitted with an application for financial assistance and shall include, at a minimum, the following:

(1) An agreement regarding the estimated total cost for remediating the brownfield site.

(2) An agreement that the owner shall transfer title of the property to the applicant upon completion of the remediation of the property.

(3) An agreement that, upon the subsequent sale of the property by the applicant to a person other than the original owner, the original owner shall receive not more than seventy-five percent of the estimated total cost of remediation.

c. An applicant shall not receive financial assistance of more than twenty-five percent of the agreed-upon estimated total cost of remediation.

d. Upon the subsequent sale of the property by the applicant to a person other than the original owner, the applicant shall repay the department for financial assistance received by the applicant. The repayment shall be in an amount equal to the sales price less the amount paid to the original owner pursuant to the agreement between the applicant and the original owner. The repayment amount shall not exceed the amount of financial assistance received by the applicant.

4. Moneys in the fund are not subject to section 8.33. Notwithstanding section 12C.7, interest or earnings on moneys in the fund shall be credited to the fund.

2000 Acts, ch 1101, §3

15.293A Redevelopment tax credits.

1. a. A redevelopment tax credit shall be allowed against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for a portion of a taxpayer's equity investment, as provided in subsection 3, in a qualifying redevelopment project.

b. An individual may claim a tax credit under this subsection of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust.

c. Any tax credit in excess of the taxpayer's liability for the tax year is not refundable but may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer first receives the tax credit.

2. a. To claim a redevelopment tax credit under this section, a taxpayer must attach one or more tax credit certificates to the taxpayer's tax return. A tax credit certificate shall not be used or attached to a return filed for a taxable year beginning prior to July 1, 2009. The tax credit certificate or certificates attached to the taxpayer's tax return shall be issued in the taxpayer's name, expire on or after the last day of the taxable year for which the taxpayer is claiming the tax credit, and show a tax credit amount equal to or greater than the tax credit claimed on the taxpayer's tax return.

b. After verifying the eligibility of a qualifying investor for a tax credit pursuant to this section, the department of economic development shall issue a redevelopment tax credit certificate to be attached to the investor's tax return. The tax credit certificate shall contain the taxpayer's name, address, tax identification number, the amount of the credit, the name of the qualifying investor, any other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred.

c. The tax credit certificate, unless rescinded by the board, shall be accepted by the department of revenue as payment for taxes imposed pursuant to chapter 422, divisions II, III, and V, and in chapter 432, and for the moneys and credits tax imposed in section 533.329, subject to any conditions or restrictions placed by the board upon the face of the tax credit certificate and subject to the limitations of this section.

d. Tax credit certificates issued under this section may be transferred to any person or entity. Within ninety days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee's name, tax identification number, and address, the denomination that each replacement tax credit certificate is to carry, and any other information required by the department of revenue.

e. Within thirty days of receiving the transferred tax credit certificate and the transferee's statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the department of economic development shall not be transferable.

f. A tax credit shall not be claimed by a transferee under this section until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits

tax imposed in section 533.329, for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329.

3. The amount of the tax credit shall equal one of the following:

- a. Twelve percent of the taxpayer's qualifying investment in a grayfield site.
- b. Fifteen percent of the taxpayer's qualifying investment in a grayfield site if the qualifying redevelopment project meets the requirements of a green development.
- c. Twenty-four percent of the taxpayer's qualifying investment in a brownfield site.
- d. Thirty percent of the taxpayer's qualifying investment in a brownfield site if the qualifying redevelopment project meets the requirements of a green development.

4. For purposes of individual and corporate income taxes and the franchise tax, the increase in the basis of the redeveloped property that would otherwise result from the qualified redevelopment costs shall be reduced by the amount of the credit computed under this part.

5. The maximum amount of a tax credit for a qualifying investment in any one qualifying redevelopment project shall not exceed ten percent of the maximum amount of tax credits available in any one fiscal year pursuant to subsection 6.

6. For the fiscal year beginning July 1, 2009, the maximum amount of tax credits issued by the department shall not exceed one million dollars. The department shall not issue tax credits pursuant to this section in subsequent fiscal years unless authorized pursuant to this subsection.

7. An investment shall be deemed to have been made on the date the qualifying redevelopment project is completed. An investment made prior to January 1, 2009, or after June 30, 2010, shall not qualify for a tax credit under this part.

8. A qualifying redevelopment project that is not completed within thirty months after issuance of an approval for the project by the board shall cease to be eligible for a tax credit pursuant to this section, however, the board in its discretion may provide for an additional twelve-month period in which to complete a project.

9. The department shall develop a system for registration and authorization of tax credits authorized pursuant to this part and shall control distribution of all tax credits distributed to investors pursuant to this part. In developing the system, the department shall provide for a list of applicants for the tax credit and maintain it from year to year so that if the maximum aggregate amount of tax credits is reached in one year, an applicant can be given priority consideration for the credit in an ensuing year.

10. The department shall develop rules for the qualification of qualifying redevelopment projects and qualifying investments. The department of revenue shall adopt these criteria as administrative rules and shall adopt any other rules pursuant to chapter 17A necessary for the administration of this part.

11. The department may cooperate with the department of natural resources and local governments in an effort to disseminate information regarding the availability of tax credits for investments in qualifying redevelopment projects under this part.

12. If the maximum amount of tax credits available has not been issued at the end of a fiscal year, the remaining tax credit amount may be carried over to a subsequent fiscal year or may be issued in advance to qualifying redevelopment projects for a subsequent fiscal year. Whenever the council approves a tax credit which has not been allocated at the end of a fiscal year, the department may prorate the remaining credit amount to more than one eligible applicant.

13. If the recipient of a tax credit issued pursuant to this section has also applied to the department, the board, or any other agency of state government for additional financial assistance, the department, the board, or agency of state government shall not consider the receipt of a tax credit issued pursuant to this section when considering the application for additional financial assistance.

2008 Acts, ch 1173, §2

15.293B Approval — requirements — repayment.

1. An investor seeking to claim a tax credit pursuant to section 15.293A shall apply to the council which shall have the power to approve the amount of tax credit available for each qualifying redevelopment project.

2. An investor applying for a tax credit shall provide the council with all of the following:

a. Information showing the total costs of the qualifying redevelopment project, including the costs of land acquisition, cleanup, and redevelopment.

b. Information about the financing sources of the investment which are directly related to the qualifying redevelopment project for which the taxpayer is seeking approval for a tax credit, as provided in section 15.293A.

3. If a taxpayer receives a tax credit pursuant to section 15.293A, but fails to comply with any of the requirements, the taxpayer loses any right to the tax credit, and the department of revenue shall seek recovery of the value of the credit received.

2008 Acts, ch 1173, §3

a. The completeness of the application.

b. Suggestions for alternative forms of assistance for which the applicant may be eligible. The alternative forms of assistance may include assistance programs available through other departments.

c. Whether the applicant should receive financial assistance from the brownfield redevelopment fund created in section 15.293.

4. The council shall consider applications for redevelopment tax credits as described in sections 15.293A and 15.293B, and the council may approve the amount of such tax credits for qualifying investments in qualifying redevelopment projects.

15.329 Eligible business.

1. To be eligible to receive incentives under this part, a business shall meet all of the following requirements:
 - a. If the qualifying investment is ten million dollars or more, the community has approved

by ordinance or resolution the start-up, location, or expansion of the business for the purpose of receiving the benefits of this part.

b. The business has not closed or substantially reduced operations in one area of this state and relocated substantially the same operations in a community in another area of this state. This paragraph shall not be construed to prohibit a business from expanding its operation in a community if existing operations of a similar nature in this state are not closed or substantially reduced.

c. The business shall create or retain jobs as part of a project, and the jobs created or retained shall meet one of the following qualifying wage thresholds:

(1) If the business is creating jobs, the business shall demonstrate that the jobs will pay at least one hundred percent of the qualifying wage threshold at the start of the project completion period, at least one hundred thirty percent of the qualifying wage threshold by the project completion date, and at least one hundred thirty percent of the qualifying wage threshold until the maintenance period completion date.

(2) If the business is retaining jobs, the business shall demonstrate that the jobs retained will pay at least one hundred thirty percent of the qualifying wage threshold throughout both the project completion period and the maintenance period.

d. The business shall provide a sufficient package of benefits to each employee holding a created or retained job. The board, at the recommendation of the department, shall adopt rules determining what constitutes a sufficient package of benefits.

e. The business shall demonstrate that the jobs created or retained will have a sufficient impact on state and local government revenues as determined by the department after calculating the fiscal impact ratio of the project.

f. The business shall not be a retail business or a business where entrance is limited by a cover charge or membership requirement.

g. Notwithstanding the qualifying wage threshold requirements in paragraph "c", if a business is also the recipient of financial assistance under another program administered by the department, and the other program requires the payment of higher wages than the wages required under this subsection, the business shall be required to pay the higher wages.

2. A business providing a sufficient package of benefits to each employee holding a created or retained job shall qualify for a credit against the qualifying wage threshold requirements described in subsection 1, paragraph "c". The credit shall be calculated in the manner described in section 15G.112, subsection 4, paragraph "b".

3. Any business located in a quality jobs enterprise zone is ineligible to receive the economic development incentives under the program.

4. If the department finds that a business has a record of violations of the law, including but not limited to environmental and worker safety statutes, rules, and regulations, over a period of time that tends to show a consistent pattern, the business shall not qualify for economic development assistance under this part, unless the department finds that the violations did not seriously affect public health or safety, or the environment, or if it did, that there were mitigating circumstances. In making the findings and determinations regarding violations, mitigating circumstances, and whether the business is disqualified for economic development assistance under this part, the department shall be exempt from chapter 17A.

5. The department shall also consider a variety of factors including but not limited to the following in determining the eligibility of a business to participate in the program:

a. The quality of the jobs to be created or retained. In rating the quality of the jobs, the department shall place greater emphasis on those jobs that have a higher wage scale, have a lower turnover rate, are full-time or career-type positions, provide comprehensive health benefits, or have other related factors which could be considered to be higher in quality, than to other jobs. Businesses that have wage scales substantially below that of existing Iowa businesses in that area should be rated as providing the lowest quality of jobs and should therefore be given the lowest ranking for providing such assistance.

b. The impact of the proposed project on other businesses in competition with the business being considered for assistance. The department shall make a good faith effort to identify existing Iowa businesses within an industry in competition with the business being considered for assistance. The department shall make a good faith effort to determine the

probability that the proposed financial assistance will displace employees of the existing businesses. In determining the impact on businesses in competition with the business being considered for assistance, jobs created or retained as a result of other jobs being displaced elsewhere in the state shall not be considered direct jobs created or retained.

c. The economic impact to this state of the proposed project. In measuring the economic impact, the department shall place greater emphasis on projects which can demonstrate the existence of one or more of the following conditions:

- (1) A business with a greater percentage of sales out-of-state or of import substitution.
- (2) A business with a higher proportion of in-state suppliers.
- (3) A project which would provide greater diversification of the state economy.
- (4) A business with fewer in-state competitors.
- (5) A potential for future job growth.
- (6) A project which is not a retail operation.

6. The department may waive any of the requirements of this section for good cause shown.

15.330 Agreement.

A business shall enter into an agreement with the department specifying the requirements that must be met to confirm eligibility pursuant to this part. The department shall consult with the community during negotiations relating to the agreement. The agreement shall contain, at a minimum, the following provisions:

1. A business that is approved to receive incentives shall, for the length of the agreement, certify annually to the department the compliance of the business with the requirements of the agreement. If the business receives a local property tax exemption, the business shall also certify annually to the community the compliance of the business with the requirements of the agreement.

b. In the case of an eligible business whose gross revenues exceed twenty million dollars per year, the credit equals the sum of the following:

(1) Three percent of the excess of qualified research expenses during the tax year over the base amount for the tax year based upon the state’s apportioned share of the qualifying expenditures for increasing research activities.

(2) Three percent of the basic research payments determined under section 41(e)(1)(A)

of the Internal Revenue Code during the tax year based upon the state's apportioned share of the qualifying expenditures for increasing research activities.

3. For purposes of subsection 2, the state's apportioned share of the qualifying expenditures for increasing research activities is a percent equal to the ratio of qualified research expenditures in this state to total qualified research expenditures.

4. *a.* In lieu of the credit amount computed in subsection 2, an eligible business may elect to compute the credit amount for qualified research expenses incurred in this state in a manner consistent with the alternative incremental credit described in section 41(c)(4) of the Internal Revenue Code. The taxpayer may make this election regardless of the method used for the taxpayer's federal income tax. The election made under this paragraph is for the tax year and the taxpayer may use another or the same method for any subsequent year.

However, if the alternative credit computation method is used in section 422.10 or section 422.33, subsection 5, the credit allowed in this section shall also be computed using that method.

6. If the eligible business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit allowed. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

7. *a.* For purposes of this section, "*base amount*", "*basic research payment*", and "*qualified research expense*" mean the same as defined for the federal credit for increasing research activities under section 41 of the Internal Revenue Code, except that for the alternative incremental credit such amounts are for research conducted within this state.

b. For purposes of this section, "*Internal Revenue Code*" means the Internal Revenue Code in effect on January 1, 2009.

8. Any credit in excess of the tax liability for the taxable year shall be refunded with interest computed under section 422.25. In lieu of claiming a refund, a taxpayer may elect to have the overpayment shown on its final, completed return credited to the tax liability for the following year.

9. The department of revenue shall by February 15 of each year issue an annual report to the general assembly containing the total amount of all claims made by employers under this section, and the portion of the claims issued as refunds, for all claims processed during the previous calendar year. 15.392 Purpose.

The purpose of the film, television, and video project promotion program is to assist legitimate film, television, and video producers in the production of film, television, and video projects in the state and to increase the fiscal impact on the state’s economy of film, television, and video projects produced in the state. The program includes assistance in the production of advertising projects in a film, television, or video medium.

2007 Acts, ch 162, §2, 13

15.393 Film, television, and video project promotion program — tax credits and income exclusion.

1. The department shall establish and administer a film, television, and video project promotion program that provides for the registration of projects to be shot on location in the state. A project that is registered under the program is entitled to the assistance provided in subsection 2. A fee may be charged for registering. The amount of the fee charged for registering shall be determined by the department by rule. Registration fees collected by the department under this section shall be used to administer the program. The department shall not register a project unless the department determines that all of the following criteria are met:

- a. The project is a legitimate effort to produce an entire film, television, or video episode or a film, television, or video segment in the state.
- b. The project will include expenditures of at least one hundred thousand dollars in the state and have an economic impact on the economy of the state or locality sufficient to justify assistance under the program.
- c. The project will further tourism, economic development, and population retention or growth in the state or locality.

d. Other criteria established by rule relating to the economic impact and promotional aspects of the project on the state or locality.

2. A project registered with the department under the program is eligible for the following assistance:

a. (1) For tax years beginning on or after January 1, 2007, a qualified expenditure tax credit shall be allowed against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for a portion of a taxpayer's qualified expenditures in a project registered under the program. The tax credit shall equal an amount not to exceed twenty-five percent of the qualified expenditures on a project. The department may negotiate the amount of the tax credit. An individual may claim a tax credit under this paragraph "a" of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust. Any tax credit in excess of the taxpayer's liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit.

(2) A qualified expenditure by a taxpayer is a payment to an Iowa resident or an Iowa-based business for the sale, rental, or furnishing of tangible personal property or for services directly related to the registered project including but not limited to aircraft, vehicles, equipment, materials, supplies, accounting, animals and animal care, artistic and design services, graphics, construction, data and information services, delivery and pickup services, labor and personnel, lighting, makeup and hairdressing, film, music, photography, sound, video and related services, printing, research, site fees and rental, travel related to Iowa distant locations, trash removal and cleanup, and wardrobe.

(a) For purposes of this subparagraph, "*labor and personnel*" includes compensation paid to the principal producer, principal director, and principal cast members if the principal producer, principal director, or principal cast member is an Iowa resident or an Iowa-based business, and if the compensation paid meets one of the following conditions:

(i) If the qualified expenditures are at least ten million dollars but less than twenty million dollars, the compensation paid to each principal producer, principal director, and principal cast member does not exceed two hundred fifty thousand dollars each.

(ii) If the qualified expenditures are at least twenty million dollars, the compensation paid to each principal producer, principal director, and principal cast member does not exceed one million dollars each.

(b) For purposes of this subparagraph, "*labor and personnel*" includes compensation paid to personnel other than the principal producer, principal director, or principal cast members if the compensation paid meets one of the following conditions:

(i) If the qualified expenditures are less than ten million dollars, the compensation paid to labor and personnel other than the principal producer, the principal director, and principal cast members, does not exceed one hundred fifty thousand dollars each.

(ii) If the qualified expenditures are at least ten million dollars but less than twenty million dollars, the compensation paid to labor and personnel other than the principal producer, the principal director, and the principal cast members, does not exceed two hundred thousand dollars each.

The tax credit certificate shall contain the taxpayer's name, address, tax identification number, the date of project completion, the amount of credit, other information required by the department of revenue,

and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred. Tax credit certificates issued under this paragraph “a” may be transferred to any person or entity. Within ninety days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee’s name, tax identification number, and address, and the denomination that each replacement tax credit certificate is to carry and any other information required by the department of revenue. Within thirty days of receiving the transferred tax credit certificate and the transferee’s statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared in the transferred tax credit certificate. Tax credit certificate amounts of less than the minimum amount established by rule of the department of economic development shall not be transferable. A tax credit shall not be claimed by a transferee under this paragraph “a” until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred against the taxes imposed in chapter 422, divisions II, III, and V, and in chapter 432, and against the moneys and credits tax imposed in section 533.329, for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329.

The tax credit shall equal an amount not to exceed twenty-five percent of the qualified expenditures on the project. The department may negotiate the amount of the tax credit. An individual may claim a tax credit under this paragraph of a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the partnership, limited liability company, S corporation, estate, or trust. Any tax credit in excess of the taxpayer’s liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. A taxpayer shall not claim a tax credit under this paragraph “b” for qualified expenditures for which a tax credit is claimed under paragraph “a”.

(2) After verifying the eligibility for a tax credit under this paragraph “b”, the department of economic development shall issue a film, television, and video project promotion program tax credit certificate to be attached to the person’s tax return. The tax credit certificate shall contain the taxpayer’s name, address, tax identification number, the date of project completion, the amount of credit, other information required by the department of revenue, and a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred. Any consideration received for the transfer of the tax credit shall not be included as income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329. Any consideration paid for the transfer of the tax credit shall not be deducted from income under chapter 422, divisions II, III, and V, under chapter 432, or against the moneys and credits tax imposed in section 533.329.

c. For the tax year in which a qualified expenditure occurred, and for the ensuing three tax years, a taxpayer may claim a reduction in adjusted gross income not to exceed in a tax year twenty-five percent of the amount of the qualified expenditure for purposes of taxes imposed in chapter 422, divisions II and III, for payments received from the sale, rental, or furnishing of tangible personal property or services directly related to the production of a project registered under this section which meets the criteria of a qualified expenditure under paragraph “a”, subparagraph (2).
